Carl:

This permit revision would not constitute a mining plan modification. The Forest Service is working with SITLA to resolve this situation. We hope to have it resolved soon so that we can complete the reclamation in the 2010 field season.

Subject
Mining Plan Determination Request - Crandall Canyon

Gentlemen:

I have been instructed to delay my response to Utah until I have consulted with you. Please review the attached permit revision application and provide me with a response. Only one response from BLM would be necessary.

The Division received an application for permit change. We are asking for your determination as to whether or not this action constitutes a Mining Plan Modification. Please provide your determination by December 14, 2009 through ogmcoal@utah.gov.

When responding, please reference Task ID #3417 in the regarding line.
